Adverting to the above cited subject, the compliance report is herewith submitted as follows for the observations made by the Chief Engineer- Regional Officer, MORTH, Bangalore vide letter cited under reference (3) regarding the "Proposal for ROW permission for laying of Drinking water supply pipeline along and across NH-173 from change 1.200 km to 3.600 Km in Mudigere town limits and 2 no.s of crossing at km 1.2 and 3.60 of NH-173 in the state of Karnataka"

The same was sent to the Assistant Executive Engineer, National Highway Sub Division, Belur with instructions to submit the NOC for the observation vide letter cited under ref(4).

The Assistant Executive Engineer, National Highway Sub Division, Belur has submitted the compliance vide letter cited under ref (5).

Sl.no	Observations	Compliance
1.	The proposal requires examination with respect to the ongoing and proposed works along the said stretch of NH. Further, from the enclosed photographs, it appears that the water pipeline is proposed to be laid in completely built-up areas. In this regard, the Executive Engineer (NH), Hassan, is requested to examine and submit the feasibility of laying the water pipeline, duly considering the available ROW & proposed future widening works of the NH.	Noted. It is true that, the applicant (the Executive Engineer, Karnataka Urban Water Supply and Drainage Board Division, Hassan) has proposed laying of water supply pipeline along NH-173 in the Built-up area of Mudigere. The applicant has informed that, the proposed water supply pipe line laying work is very important work in view of drinking water supply of Mudigere town. The applicant has given undertaking stating that the water supply pipelines will be laid at the extreme edge of the "Proposed Right of Way (PRoW) of the sanctioned "Two lane paved shoulder work". The applicant has also given undertaking stating that, the water supply line will be relocated at his own cost during the NH widening/development works if necessary.] In view of above and since the proposal is related to the drinking water supply of Mudigere town, the request of the applicant may be considered for approval.
2.	It is indicated that the pipeline is proposed along the proposed ROW. However, the status of land acquisition for the proposed ROW has not been furnished. The same may be submitted for further consideration.	<u>Present Status of the land acquisition is as follows.</u> • <u>3(a) S.O.2300 (E) Dtd: 13-06-2024</u> • <u>3(a) S.O.2430 (E) Dtd: 24-06-2024</u> • <u>3(A) S.O.3032 (E) Dtd: 29-07-2024</u> • <u>Additional 3(A) S.O.3116 (E) Dtd: 11-07-2025</u> • <u>Regular 3(D) S.O.2387(E) Dtd: 30-05-2025</u> • <u>Additional 3(D) S.O.5420 (E) Dtd: 26-11-2025</u> • <u>Regular 3G award made on 31-07-2025 for 23.50 Cr. (168 Beneficiaries).</u> • <u>Addl.3G award made on 22-01-2025 for 26.06 crores (103 Beneficiaries).</u> • <u>Land Acquisition Bills uploaded in Bhoomi Rashi portal : 50 Nos.</u> • <u>Remaining, document collection, verification, and uploading in Bhoomi Rashi portal is under progress.</u>

In view of above, it is here by requested your kind self to appraise the Ministry for considering the above proposal in the public interest.

This is for favour of your information and further necessary action.

Encl: Proposal 2 copies

Yours faithfully

Executive Engineer
National Highway Division
Hassan.
