Invitation of Public Comments

Sub: Request for granting permission for laying of BPCL's underground 125mm from 121.900 to 123.200 to develop city gas distribution system in Saharanpur district - Reg.

M/s Bharat Petroleum Corporation Limited has submitted the proposal for the permission for laying of BPCL's underground 125mm from 121.900 to 123.200 to develop city gas distribution system in Saharanpur district.

2. From the submitted proposal, it is seen as per the checklist, that the laying of 125mm MDPE underground gas pipeline along NH-709B (Shamli bypass to Saharanpur) from ch. 121+900 to 123.200 is proposed at the extreme edge of ROW using Horizontal Directional Drilling (HDD) method only. The section length of ROW applied is 1.300 Km. The highway configuration is 4 lane with paved shoulder and the width of ROW is approximately 30m. Further, it shall be ensured that no damage is done to the Highway and the agency while laying/maintenance of pipeline shall not cause any disruption to the traffic on the Highway. If there is cross road/approach road connecting Highway and any building/structure on the route, then at that particular location laying will done only through HDD method. In case of crossings, work should be executed strictly through HDD method.

4. As per the guidelines, issued by the Ministry vide OM no. RW/NH-33044/29/2015/ S&R(R) dated 22.11.2016, the application shall be put out in the public domain for 30 days for seeking claims and objections (on grounds of public inconvenience, safety and general public interest).

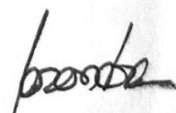

5. In view of the above, comments of the public on the above application is invited to the below mentioned address, which should reach by this office within 30 days from the days from the date of publication beyond which no comments shall be entertained.

The Project Director,
National Highways Authority of India
Project Implementation Unit - Baghpat
Friends Colony, Near PWD Guest house,
