Sub: - Submission of Undertaking regarding safety measures and utility shifting during laying of pipeline along National Highway for approach laying of DI, HDPE pipeline crossing & along the road for mega PWS project pertaining Baliguda blocks of Kandhamal District from km 149/160 to 165/900 km of NH-59 (Tumudibandh to Baliguda Section) Odisha

Ref:-

1. EE NH Division office letter No- 248/WE Dated-02.08.2025

Sir,

With reference to the proposed laying of pipeline along the National Highway under our scope of work, we do hereby submit the following undertaking for your kind consideration and record as per guidelines Circulated vide F. No.RW/NH-33044/29/2015/S&R(R) dtd 22ND November 2016.

1: No Utility service shall be laid over existing culverts and bridges

We undertake that "No utility service shall be laid over existing culverts and bridges & utility ducts during execution of Work."

2: Safety Measures during Execution

We undertake to strictly adhere to all required safety precautions and standard safety protocols during the execution of pipeline laying works along the National Highway. Adequate safety signage, barricading, night reflectors, flagmen, and diversion routes (if required) shall be arranged to ensure the safety of road users, workmen, and the general public, in accordance with IRC/MoRTH guidelines.

3: Shifting of Utilities

In case of any requirement for shifting of existing utilities during execution, we undertake that "If the shifting of utility line is required for a need of NH Development work, the same shifting shall be done immediately by the applicant at their own cost within the timeframe as specified by Authority "

4: Restoration of Road

We further undertake that "The required restoration, maintenance work subsequent to laying utility shall be required to be done by licensee at its own cost either by itself or through its authorized representative in consultation with the SE(NH) as per predetermined time schedule & quality standards. "

5: Execution as per Approved Drawings and Guidelines

We further undertake that all pipeline works shall be carried out strictly as per the approved alignment, drawings, and specifications issued by the concerned authority, and in accordance with MoRTH, NHAI, and IRC standards.

6: Indemnity against Damage or Interruption

We agree to indemnify the Authority against any loss, damage, or disruption caused to existing NH infrastructure or utilities during execution of the said work and shall rectify/restore the same at our own cost and responsibility.

This undertaking is being executed on a non-judicial stamp paper and shall form part of the agreement to be signed with the competent authority.

This is for favour of information & necessary action.

Yours faithfully,

Executive Engineer
RWS&S Division, Phulbani
