BSP

2	The OFC is proposed to be laid through open trench and HDD method. However, no details of length of open trench method and HDD method laying are given. Further, as the location appears to be in built area with lot of developmental activities and many cross roads, it may be preferred to lay the OFC through HDD method for the entire length & crossings.	The statement showing the details of Open trench and HDD method is enclosed as ANNEXURE-II. However, <u>HDD method is adopted in the built area and at six road crossings as per the Ministry's extant guidelines and will be adhere to the same.</u>
3	1 no. crossing is shown between chainage 34.095 & 34.215. However, crossings is mentioned as at chainage 34.500. The drawings from 34.215 to 34.500 is not enclosed. This needs to be reconciled.	The crossings at Km: 34.215 is reconciled.
4	Rate list issued by the competent authority in support of the rate considered in the license fee calculation needs to be submitted	Rate list issued as per the prevailing rates of sub register market value of the respective circle is enclosed.
5	The proposal in two sets along with License Agreement in original (two sets) as per the Ministry's guidelines dated: 22.11.2016 needs to be submitted along with the proposal. The agreement is to be made between "The Chief Engineer-Regional officer, MoRT&H, Bangalore" and M/s. Jio Digital Fibre Pvt., Ltd., leaving date/month/year as blank.	The proposal in two sets ORIGINAL as per the Ministry's guidelines dated: 22.11.2016 is enclosed.

The proposal for laying of OFC from Km: 0.000 to Km: 41.535 of NH-275K is here with submitted with duly complying to the observation for obtaining concurrence from the Competent Authority.

Encl: Proposal in 2 set.

Your faithfully,

Executive Engineer,
NH Division, Bangalore. ✓
