## AGREEMENT REGARDING GRANTING OF RIGHT OF WAY PERMISSIONS FOR CROSSING OF 150 MM STEEL/MDPE PIPELINE ON NATIONAL HIGHWAYS

Agreement for laying of underground 6" Natural Gas Carbon Steel pipeline from **Ch. 2.230 to Ch. 2.330 (RHS) and 01 nos. crossing at 2.230 (LHS) for a total length of 160 Meters on Bhopal-Jabalpur Road NH-46 (Old NH-12).**

This Agreement made this.....day of (month).....of ( year) between .....acting in his executive capacity through **DM MPRDC Division Bhopal** (hereinafter referred to as the "Authority" which expression shall unless excluded by or repugnant to the context, include his successors in office and assigns) on the one part, and **M/s. GAIL Gas Limited** a company registered under the Companies Act, 1956 and having its Registered Office at **Plot C-1, Sector-A, Industrial Area, Mandideep, Dist. Raisen, MP-462046** (hereinafter called the "Licensee") which expression shall unless excluded by repugnant to the context, include his successors/administrator assignees on the second part.

Whereas the Authority is responsible, inter-alia, for development and maintenance of lands in Meter from **Ch. 2.230 to Ch. 2.330 (RHS) and 01 nos. crossing at 2.230 (LHS) for a total length of 160 Meters on Bhopal-Jabalpur Road NH-46 (Old NH-12).**

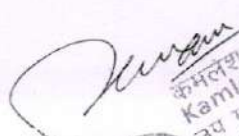

Whereas the Licensee proposes to lay / pipeline etc. referred to as utility services in subsequent paras.

Whereas the Licensee, has applied to the Authority for permission to lay the 6" Natural Gas Carbon Steel pipeline from **Ch. 2.230 to Ch. 2.330 (RHS) and 01 nos. crossing at 2.230 (LHS) for a total length of 160 Meters on Bhopal-Jabalpur Road NH-46 (Old NH-12).**

And whereas the Authority has agreed to grant such permission for way leave on the NH ROW as per terms and conditions hereinafter mentioned.

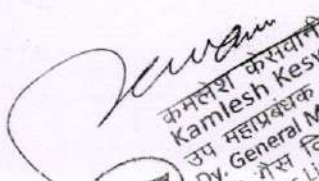

Now this agreement witnessed that in consideration of the conditions hereinafter contained and on the part of the Licensee to be observed and performed, the Authority hereby grants to the Licensee permission to lay utility services as per the approved drawing attached hereto subject to the following conditions, namely.

1. ROW permissions are only enabling in nature. The purpose of extending the way leave facility on the National Highway ROW is not for enhancing the scope of activity of a utility service provider, either by content or by intent. Further, enforceability of the permission so granted shall be restricted only to the extent of provisions/scope of activities defined in the license agreement & for the purpose for which it is granted.
2. No licensee shall claim exclusive right on the Row and any subsequent user will be permitted to use the Row, either above or below, or by the side of the utilities laid by the first user, subject to technical requirements being fulfilled. Decision of the Authority in relation to fulfilment of technical requirements shall be final and binding on all concerned parties. In case any disruption/damage is caused to any existing user by the subsequent user, the Authority shall not be held accountable or liable in any manner.
3. The Licensee shall be responsible for undertaking all activities including but not limited to site Identification, survey, design, engineering, arranging finance, project management, obtaining regulatory approvals & necessary clearances, supply of equipment, material,

  
 Kamlesh Keswani  
 उप महाप्रबंधक (सीजीडी)  
 General Manager (CGD)  
 गैस लिमिटेड, मंडीदे

- construction, erection, testing and commissioning, maintenance and operation and all other activities essential or required for efficient functioning of their own utility/ industrial infrastructure facilities.
4. The Licensee shall pay license fees @ Rs: 1,09,583/- for 5 year to the Authority. The License fee shall become payable from the date of handing over of ROW land to the Licensee, for laying of utilities/cables/conduits/pipelines for infrastructure/ service provider. As regards Tariff and Terms and conditions for providing common utility ducts along National Highways, there shall be a separate agreement regime.
  5. Fee shall have to be paid in advance for the period for which permission is granted for entering into a license agreement. In case of renewal, rate prevailing at the time of renewal shall be charged. Delay in deposition of fee shall attract interest @ 15% per annum compounded annually.
  6. Present policy of the MoRT&H is to provide a 2.00 m wide utility corridor on Either side of the extreme edge of ROW. In cases where utility ducts with sufficient space are already available along NH, the utility services shall be laid in such ducts subject to technical requirements being fulfilled.
  7. The utility services shall be laid at the edge of the ROW. In case of restricted width of ROW, which may be adequate only to accommodate the carriageway, central verge, shoulders, slopes of embankment, drains, other roadside furniture etc. the utility services shall be laid beyond the toe line of the embankments and clear of the drain.
  8. The Licensee shall make his own arrangement for crossing of cross drainage structure, rivers, etc. below the bed. In case, this is not feasible, the utility services may be carried outside the railings/parapets and the bridge superstructure. The fixing and supporting arrangement with all details shall be required to be approved in advance from the concerned Highway Administration. Additional cost on account of fixing and supporting arrangement as assessed by the Authority shall be payable by the Licensee.
  9. In exceptional case, where ROW is restricted the utility services can be allowed beneath the carriageway of service road, if available, subject to the condition that the utility services be laid in concrete ducts, which will be designed to carry traffic on top. The width of the duct shall not be less than one lane. In such cases, It also needs to ensure that maintenance of the utility services shall not interfere with safe and smooth flow of traffic. The cost of operation and maintenance will have to be borne by the Licensee.
  10. It is to be ensured that at no time there is interference with the drainage of the road land and maintenance of the National Highways. Towards this, the top of the utility services shall be at least 0.6 meter below the ground level. However, any structure above ground shall be aesthetically provided for/ landscaped with required safety measures as directed by the concerned Authority.
  11. The utility services shall be permitted to cross the National Highway either through structure or conduits specially built for that purpose. The casing/ conduit pipe should, as minimum, extend from drain to drain in cuts and toe of slope to toe of slope in the fills and shall be designed in accordance with the provision of IRC and executed following the Specification of the Ministry.
  12. Existing drainage structures shall not be allowed to carry the lines across.
  13. The top of the casing/conduit pipe containing the utility services to cross the road shall be at least 1.2m below the top of the sub grade or the existing ground level whichever is lower,

 गैल गैस लिमिटेड, मंडीदीप  
 GAIL Gas Limited, Mandideep

- subject to being at least 0.3m below the drain inverts. A typical sketch showing the clearances is given in Attachment-I.
14. The utility services shall cross the National Highway preferable on a line normal to it or as nearly so as practicable.
  15. The casing conduit pipe for crossing the road may be installed under the road embankment either by boring or digging a trench. Installation by boring method shall be preferred.
  16. In case of trenching, the sides of the trench should be done as nearly vertical as possible. The trench width should be at least 30cm but not more than 60cm wider than the outer diameter of the pipe. Filling of the trench shall conform to the specifications contained here-in-below or as supplied by the Highway Authority
    - a. Bedding shall be to a depth not less than 30cms. It shall consist of granular material, free of lumps, clods and cobbles, and graded to yield a firm surface without sudden change in the bearing value. Unsuitable soil and rock edges should be excavated and replaced by selected material.
    - b. The backfill shall be completed in two stages (i) Side-fill to the level of the top of the pipe (ii) Overfill to the bottom of the road crust.
    - c. The side fill shall consist of granular material laid in 15cms. Layers each consolidated by mechanical tamping and controlled addition of moisture to 95% of the Proctor's Density. Overfill shall be compacted to the same density as the material that had been removed. Consolidation by saturation or ponding will not be permitted.
    - d. The road crust shall be built to the same strength as the existing crust on either side of the trench or to thickness and specifications stipulated by the Highway Authority
  17. The Licensee shall ensure making good the excavated trench for laying utility services by proper filling and compaction, so as to restore the land in to the same condition as it was before digging the trench, clearing debris/loose earth produced due to execution overreaching at least 50 m away from the edge of the way;
  18. All required restoration works subsequent to laying of the cable shall be required to be undertaken by the Licensee at its cost either by itself or through its authorized representative in consultation with the Authority as per predetermined time schedule and quality standards.
  19. Prior to commencement of any work on the ground, a performance Bank Guarantee @ Rs. **16000/-** with a validity of one year initially ( extendable if required till satisfactory completion of work) shall have to be furnished by the Licensee to the Authority / its designated agency as a security against improper restoration of ground in terms of filling/ unsatisfactory compaction damages caused to other underground installations/ utility, services & interference, interruption, disruption or failure caused, to other underground installations/utility services & interference, interruption, disruption or failure caused thereof to any services etc. In case of the Licensee failing to discharge the obligation of making good of the excavated trench/ other restoration work, the Authority shall have a right to make good the damages caused by excavation, at the cost of the Licensee and recover the amount by forfeiture of the Bank Guarantee.
  20. In case, the Performance Bank Guarantee is invoked as mentioned above, the Licensee shall be required to replenish and reinstate the required Performance Bank Guarantee within one month of such invoking. In case the work contemplated herein is not completed to the satisfaction of the Authority, which has granted the permission, within a period of 11 months from the date of issue

कमलेश केशवानी  
Kamlesh Keswani  
ज्य. महाप्रबंधक (सीजीडी)  
General Manager (CGD)

GAIL Gas Limited, Mandideep

of the Bank Guarantee, the Licensee shall either furnish a fresh guarantee or extend the guarantee for a further period of one year. Notwithstanding this, the Licensee shall be liable to pay full compensation to the aggrieved Authority / its designated agency for any damage sustained by them by reason of the exercise of the ROW facility.

21. The Licensee shall shift the utility within 90 days (or as specified by the respective Authority) from the date of issue of the notice by the concerned Authority to shift/relocate the utility services in case it is so required for the purpose of improvement/widening of the road/route/highway or construction of flyover/bridge and restore the road/land to its original condition at his own cost and risk.

22. The Licensee shall be responsible to ascertain from the respective agency in co-ordination with Authority, regarding the location of other utilities/underground installations/ facilities etc. The Licensee shall ensure the safety and security of already existing underground installations/utilities/facilities etc. before commencement of the excavation/using the existing cable ducts. The Licensee shall procure insurance from a reputed insurance company against damages to already existing underground installations/utilities/facilities etc.

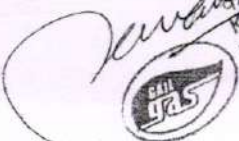

23. The Licensee shall be solely responsible/ liable for full compensation/indemnification of concerned agency / aggrieved Authority for any direct, indirect or consequential damage caused to them/claims or replacements sought for, at the cost and risk of the Licensee. The concerned agency in co-ordination with Authority shall also have a right make good such damages/recover claim by forfeiture of Bank Guarantee.

24. If the Licensee fails to comply with any condition to the satisfaction of the Authority, the same shall be executed by the Authority at the cost and risk of the Licensee.

25. Grant of License is subjected to the licensee satisfying (a) minimum disruption of traffic and (b) no damage to the highways. As far as possible, the Licensee should avoid cutting of the road for crossing highway, and other roads and try to carry out the work by trenchless technology. In case any damage is caused to the road pavement in this process, the Licensee will be required to restore the road to the original condition at its cost. If due to unavoidable reasons the road needs to be cut for crossing or laying utility services, the Licensee has to execute the restoration work in a time bound manner at its cost either by itself or through its authorized representative in consultation with the Authority as per predetermined time schedule and quality standards. In case of the Licensee failing to discharge the obligation of making good of the excavated trench/other restoration work, the Authority shall have a right to make good the damages caused by excavation, at the cost of the Licensee and recover the amount by forfeiture of the Bank Guarantee.

26. The Licensee shall Inform/give a notice to the concerned agency designated by the Authority at least 15 day in advance with route details prior to digging trenches, for fresh or maintenance/repair works. A separate performance Bank Guarantee for maintenance/repair works shall have to be furnished by the Licensee.

27. Each day, the extent of digging the trenches should be strictly regulated so that utility services are laid and trenches filled up before the close of the work that day. Filling should be completed to the satisfaction of the concerned agency designated by the Authority.

GAIL Gas Limited, Mandideep

28. The licensee shall indemnify the concerned agency in co-ordination with Authority, against all and claims, if any due to the digging of trenches for laying cables/ducts.

29. The permission for laying utility services is granted maximum for 5 years at a time, which can thereafter be considered for renewal. On payment of additional fee at the time of renewal, the permission shall automatically be renewed, unless defaults exist. In case of renewal, rate prevailing at the time of renewal shall be charged. Delay in deposition of fee shall attract interest @ 15% per annum compounded annually.

30. The permission shall be valid only for the period it is issued, and fee deposited. However, the Authority also has a right to terminate the permission or to extend the period of Agreement.

31. That the Licensee shall not undertake any work of shifting, repairs or alterations to the utility services without prior written permission of the concerned agency in co-ordination with the Authority.

32. The permission granted shall not in any way be deemed to convey to the Licensee any ownership right or any interest in route/road/highway land /property, other than what is herein expressly granted. No use of NH Row will be permitted or any purpose other than that specified in the Agreement.

33. During the subsistence of this Agreement, the utility services located in highway land / property shall be deemed to have been constructed and continued only by the consent and permission of the Authority so that the right of the Licensee to the use thereof shall not become absolute and infeasible by lapse of time.

34. The Licensee shall bear the Stamp Duty charged on this Agreement.

35. Three copies of 'as laid drawings' of utilities (hard and soft copies) with geo-tagged photographs and geo-tagged video recordings of laying of pipelines in the trench (with respect to the NH) and after complete restoration shall be submitted to the Authority for verification and record within a month of completion of works.

36. The Licensee shall allow free access to the Site at all times to the authorized representatives of Authority to inspect to investigate any matter within their Authority, and upon reasonable notice, shall provide reasonable assistance necessary to carry out their respective duties and functions.

37. The utility services shall not be made operational by the Licensee unless a completion certificate to the effect that the utility services has been laid in accordance with the approved specifications and drawings and the trenches have been filled up to the satisfaction of the concerned agency in co-ordination with the Authority has been obtained. Notwithstanding anything contained herein, this Agreement may be cancelled at any time by Authority for breach of any condition of the same and the Licensee shall neither be entitled to any compensation for any loss caused to it by such cancellation nor shall it be absolved from any liability already incurred.

38. The Licensee shall ensure adherence to relevant Indian standards and follow best industry practices, methods and standards for the purpose of ensuring the safe, efficient and economic design, construction, commissioning, operation, repair and maintenance of any part of the utility lines/industrial

Infrastructure facilities and which practices, methods and standards shall be adjusted as necessary, to take account of;

- a. Operation, re-pair and maintenance guidelines given by the manufacturers,
- b. The requirements of Law,
- c. The physical conditions at the Site, and
- d. The safety of operating personnel and human beings.

39. The licensee shall have to provide safety measures like barricading, danger lighting and other necessary caution boards while executing the work

40. While laying utility services, at least one lane of road shall be kept open to traffic at all times. In case of single lane roads, a diversion shall be constructed. If any traffic diversion works are found necessary during the working period such diversion shall be provided at the cost of Licensee

41. After the termination/expiry of the agreement, the Licensee shall remove the utility services within 90 days and the site shall be brought back to the original condition failing which the Licensee will lose the right to remove the utility services, However before taking up the work of removal of utility services the Licensee shall furnish a Bank Guarantee to the Authority for a period of one year for an amount assessed by the Authority as a security for making good the excavated trench by proper filling and compaction, clearing debris, loose earth produced due to excavation of trenching at least 50m away from the edge of the Row.

42. Any disputes in interpretation of the terms and conditions of this Agreement or their implementation shall be referred to the redress mechanism prevailing in the Ministry and the decision of the redress mechanism shall be final and binding on all.

43. For PPP Projects, in case of any financial loss incurred by the respective project concessionaires due to such laying/shifting of utility services by the Licensee, compensation for the same shall be required to be borne by the Licensee in mutual agreement with the respective project concessionaires. MORTH/ NHAI/ implementing authorities for the project shall not be liable to the concessionaire in any way in this regard.

This agreement has been made in duplicate, each on a Stamp Paper, each party to this Agreement has retained one stamped copy each.

**IN WITNESS WHEREOF THE PARTIES HERETO HAVE CAUSED THIS AGREEMENT TO BE EXECUTED THROUGH THEIR RESPECTIVE AUTHORISED REPRESENT ATIVES THE DAY AND THE YEAR FIRST ABOVE WRITTEN**

Madhya Pradesh 462016

**Subject:** - Permission for crossing of GAIL Gas Ltd. Natural Gas Carbon Steel Pipeline of Dia 6" (with 12" casing pipe) instead of Dia-4" along NH-46 at road Chainage No. Ch. 2+230 from Right hand side to Left Hand Side for increasing chainage at extended arm.

Ref: - 1. GAIL-GAS/MANDIDEEP/22-23/MPRDC/OBE dated: 30.08.2022.  
2. GGL/MANDIDEEP/MPRDC/OBE/NH-46/VINDHYANCHI dated: 03.01.2023.  
3. 2396/MPRDC/DM BPL/Permission/2023 Bhopal Dated: 09.05.2023  
4. GAIL-GAS/MANDIDEEP/22-23/MPRDC/NH-46 DATED: 30.03.2023.  
5. 1540/MPRDC/DM BPL/ Permission/2022 Bhopal, Dated: 19.07.2022.

Dear Sir,

Permission for one no. of crossing NH-46 at road Ch. 2+230 was applied vide application no. GAIL-GAS/MANDIDEEP/22-23/MPRDC/OBE dated: 30.08.2022. Subsequently, upon receipt of demand note GGL/MANDIDEEP/MPRDC/ OBE/NH-46/VINDHYANCHI dated: 03.01.2023 provided from MPRDC, Licence fee and Bank Guarantee were submitted to your good office.

However, due to changes in road side for laying the pipeline, the crossing is to be done with 6-inch pipeline in place of 4-inch pipeline to maintain the pipeline hydraulics

In view of above, you are requested to provide the additional demand (if applicable) for increase in pipeline diameter from 4" (with 10" casing pipe) to 6" (with 12" casing pipe) for one no crossing the NH-46 at road Ch. 2+230.

Further, during the issuance of permission for change in side (refer your letter no. 2396/MPRDC/DM BPL/Permission/2023 Bhopal Dated: 09.05.2023), the side for laying the pipeline has also been changed from chainage Ch. 2+230 to 2+810, which was not actually required (refer our application no. GAIL-GAS/MANDIDEEP/22-23/MPRDC/NH-46 dated:

## Undertaking

I/We hereby certify that following terms and condition will be adhered to during the crossing/laying of underground 6" Natural Gas Steel pipeline from **Ch. 2.230 to Ch. 2.330 (RHS) and 01 nos. crossing at 2.230 (LHS) for a total length of 160 Meters on Bhopal-Jabalpur road NH-46 (Old NH-12).**

1. The underground CGD pipeline shall be laid in strict observance of the norms prescribed for the purpose and in compliance with the instruction to be obtained from the project director of concerned highway authority
2. The underground CGD pipeline will not be Interfered with the public utility service, If any
3. Adequate arrangement for cautioning by way of caution board during the day time danger light at light will be provided by the concerned department
4. The which of digging trench should be kept to minimum. After completion of work the trench shall be filled up by the department and compacted to satisfaction of the Engineer – in – charge
5. No avenue tress shall be felled or trimmed except special permission of the highway authority, the concerned department shall indemnify the highway authority from all danger, if any, due to the laying of the pipeline
6. Concerned depart should notify the concern engineer – in – charge at least 15 days in advance before digging trenches along the road sides
7. If the repairing work of digging portion is not up to the satisfaction of the engineer – in – charge, the same will be repaired by the highway authority and the cost for that purpose will entirely be borne by the concerned department.
8. In case of necessity, the CGD pipeline will be shifted at our own cost and risk within 60 days of receipt of such notice from the NHAI.
9. The CGD pipeline shall be as close to the extreme edge of the right – of – way as possible but not less than 15 meters from the center line of the nearest carriage way
10. The CGD pipeline shall not be permitted to run along the national highway when the road formation is situated in double cutting. Nor shall these be led over the existing culverts and bridges without the prior approval of government of India.
11. The CGD pipeline shall be so placed that at no time there is interference with the maintenance of the national highways,
12. These should be so laid that their top is at least 0.6 mts. Below, ground level or as otherwise Directed by the highway authority so s not to obstruct drainage of the road land.
13. We do undertake that we shall take prior approval of NHAI before starting or undertaking any work of installation, shifting or repairs of alteration to the gas pipeline located in national highway right of the work.
14. We undertake that if any claim is raised by the concessionaire towards and damage any other region there of then same shall be paid us.
15. We shall undertake that we shall bear the expenditure, if any, incurred by NHAI for repairing any damage caused to the national highway by laying, maintenance or shifting of the Gas pipeline.
16. We undertake that no claim shall be made by the agency in case of revenue loss/ any other losses/ insurance etc. at the time of shifting the gas pipeline.
17. We do undertake that while laying ~~any~~ pipeline across national highway we shall take care of that existing utilities ~~which~~ have been previously laid. In case of any

**BANK GUARANTEE**

1  
2 To,  
3 The Managing Director  
4 Madhya Pradesh Road Development Corporation Limited  
5 45-A, Arera Hills, Bhopal - 462011

6 In consideration of agreement for gas pipeline crossing/laying on Bhopal-Jabalpur Road NH-12  
7 (New NH-46) between The Managing Director Madhya Pradesh Road Development Corporation  
8 Limited Bhopal (hereinafter called Principal) & "(GAIL Gas Limited, Plot No. C-1, Sector-A, Industrial  
9 Area Mandideep, Dist. Raipur, MP-462046)" Thereinafter called Contractor. We ICICI Bank  
10 Limited, having one of its branch office at ICICI Bank Limited, 9A, Phelps Building, Connaught Place,  
11 New Delhi-110001 and having its registered office at ICICI Bank Tower, Near Chakli Circle, Old  
12 Padra Road, Vadodara, Gujarat, Pin - 390 007 (hereinafter referred to as "The Bank"/ Guarantor")  
13 hereby undertake to pay the principal an amount not exceeding Rs. 16,000/- (Rupees Sixteen  
14 Thousand Only) against any loss or damage or conditions contained in the said agreement.

15 We, ICICI Bank Ltd do hereby undertake to pay the amount of Rs. 16,000/- and payable under this guarantee  
16 without any demur, merely on a demand from the Principal stating that amount claimed is on  
17 account of not making good and executed trencher laying of underground cable of proper filling  
18 and compaction, as to restore the land in the same condition as it was before digging the trench,  
19 debris/loose earth produced due to execution of trenching. However, our liability under this  
20 guarantee shall be restricted to Rs. 16,000/- (Rupees Sixteen Thousand Only). We undertake to pay  
21 the principal any money so demanded notwithstanding any dispute or dispute raised by the  
22 contractor(s) in any suit or proceeding pending before any court or tribunal relating there our  
23 liability under this present being absolute and unequivocal. The payment so made by us under this  
24 bond shall be a valid discharge of our liability for payment there under and the contractor(s) shall  
25 have no claim against us for making such payments.

26 We, ICICI Bank Ltd further agree that the guarantee here in contained shall remain in full force and  
27 effect during the period would be taken for the performance of said agreement and that it shall be  
28 continued to be enforceable till all the dues of the principal or by virtue of the said agreement have  
29 been fully paid and its claims satisfied or discharged or till the principal, certify that the terms and  
30 conditions of the said agreement have been fully and properly carried out by the said contractor  
31 and accordingly discharges this guarantee or till 15.12.2023 whichever is earlier we shall be  
32 discharged from our liabilities under this guarantee thereafter.

33 The guarantee will not be discharged due to the charge in the constitution of the bank on of the  
34 contractor.

No.RW/BHP/MP/Gas pipe line (152)/2022-23/ 4706

Dated the: 09.02.2023

To,  
The Divisional Manager,  
MPRDC, Bhopal.

Sub: Proposal for Permission for Gas Pipeline (GAIL) from Ch. 2+230 to Ch. 2+330 (RHS) and 1 nos. crossing at Ch. 2+230 (LHS) for a length of 160 m on Bhopal Jabalpur road NH-46 (Old NH-12) in the State of Madhya Pradesh.

Ref: (i) DM, MPRDC, Bhopal's letter no. 1437/MPRDC/DM-2 BPL/2022 Bhopal dated 05.01.2023.

(ii) Ministry's circular no. RW/NH-33044/29/2015/S&R (R) Dated 22.11.2016.

Please refer to your letter under ref. (i) cited above forwarding therewith the Application submitted by M/s Gail Gas Private Limited, Bhopal seeking Proposal for Permission for Gas Pipeline (GAIL) from Ch. 2+230 to Ch. 2+330 (RHS) and 1 nos. crossing at Ch. 2+230 (LHS) for a length of 160 m on Bhopal Jabalpur road NH-46 (Old NH-12) in the State of Madhya Pradesh under provisions of Guidelines for accommodation for Public and Industrial Utility Services on NH vide Ministry's circular no. RW/NH-33044/29/2015/ S&R (R) Dated 22.11.2016.

2. The proposal has been examined and following observation are raised:

- (i) Calculation error in the license fee.
- (ii) First page of the license agreement should mention the name of two parties.
- (iii) Drawing showing cross section of gas pipeline along with cross section of road is not attached.

3. In view of the above proposal is returned for compliances.

4. This issues with the approval of RO, MoRT&H Bhopal, Note#4 (Computer no.- 218907)

Madhya Pradesh Road Development Corporation,  
45-A, Arera Hills, Bhopal,  
Madhya Pradesh 462016

**Subject:** - Permission for crossing of GAIL Gas Ltd. Natural Gas Carbon Steel Pipeline of Dia 6" (with 12" casing pipe) instead of Dia-4" along NH-46 at road Chainage No. C 1. 2+230-from Right hand side to Left Hand Side for increasing chainage at extended arm.

Ref: - 1. GAIL-GAS/MANDIDEEP/22-23/MPRDC/OBE dated: 30.08.2022.  
2. GGL/MANDIDEEP/MPRDC/OBE/NH-46/VINDHYANCH A dated: 03.01.2023.  
3. 2396/MPRDC/DM BPL/Permission/2023 Bhopal Dated: 09.05.2023  
4. GAIL-GAS/MANDIDEEP/22-23/MPRDC/NH-46 DATED: 30.03.2023.  
5. 1540/MPRDC/DM BPL/ Permission/2022 Bhopal, Dated: 19.07.2022.

Dear Sir,

Permission for one no. of crossing NH-46 at road Ch. 2+230 was applied vide application no. GAIL-GAS/MANDIDEEP/22-23/MPRDC/OBE dated: 30.08.2022. Subsequently, upon receipt of demand note GGL/MANDIDEEP/MPRDC/ OBE/NH-46/VINDHYANCH A dated: 03.01.2023 provided from MPRDC, Licence fee and Bank Guarantee were submitted to your good office.

However, due to changes in road side for laying the pipeline, the crossing is to be done with 6-inch pipeline in place of 4-inch pipeline to maintain the pipeline hydraulics

In view of above, you are requested to provide the additional demand (if applicable) for increase in pipeline diameter from 4" (with 10" casing pipe) to 6" (with 12" casing pipe) for one no crossing the NH-46 at road Ch. 2+230.

Further, during the issuance of permission for change in side (refer your letter no. 2396/MPRDC/DM BPL/Permission/2023 Bhopal Dated: 09.05.2023), the side for laying the pipeline has also been changed from chainage Ch. 2+230 to 2+810, which was not actually required (refer our application no. GAIL-GAS/MANDIDEEP/22-23/MPRDC/NH-46 dated:

पंजीकृत कार्यालय :

गेल भवन, 16, भीकाएजी कामा प्लेस, आर.के. पुरम, नई दिल्ली - 110066, इंडिया

REGD. OFFICE:

GAIL BHAWAN, 16, BHIKAJI CAMA PLACE, R.K. PURAM, NEW DELHI - 110066, INDIA

निगमित कार्यालय :

13वीं और 14वीं मंजिल, गेल जुबली टावर, बी 35 व 36, सेक्टर-1, नोएडा-201301 (यूपी.)

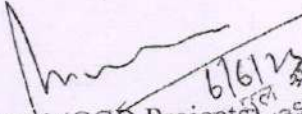

30.03.2023, wherein change in side was requested from chainage 0.00 to 2.230 only). Considering the various other difficulties in laying the line in RH side, it is requested to keep the original permission valid for laying the pipeline from Ch. 2+230 to 2+810 at LHS of increasing Chainage direction as originally approved by MPRDC vide letter no. 1540/N.PRDC/DM BPL/Permission/2022 Bhopal, Dated: 19.07.2022.

Thanking you.

Yours sincerely

2 To,  
3 The Managing Director  
4 Madhya Pradesh Road Development Corporation Limited  
5 45-A, Arera Hills, Bhopal - 462011

6 In consideration of agreement for gas pipeline crossing/laying on Bhopal-Jabalpur Road NH-12  
7 (New NH-46) between The Managing Director Madhya Pradesh Road Development Corporation  
8 Limited Bhopal (hereinafter called Principal) & "(GAIL Gas Limited, Plot No. C-1, Sector-A, Industrial  
9 Area Mandideep, Dist. Raipur, MP-462046)". Thereinafter called, Contractor). We ICICI Bank  
10 Limited, having one of its branch office at ICICI Bank Limited, 9A, Phelps Building, Connaught Place,  
11 New Delhi-110001 and having its registered office at ICICI Bank Tower, Near Chakli Circle, Old  
12 Padra Road, Vadodara, Gujarat, Pin - 390 007 (hereinafter referred to as "The Bank"/ Guarantor")  
13 hereby undertake to pay the principal an amount not exceeding Rs. 16,000/- (Rupees Sixteen  
14 Thousand Only) against any loss or damage or conditions contained in the said agreement.

15 We, ICICI Bank Ltd do hereby undertake to pay the amount due and payable under this guarantee  
16 without any demur, merely on a demand from the principal stating that amount claimed is on  
17 account of not making good and executed trench for laying of underground cable of proper filling  
18 and compaction, as to restore the land in the same condition as it was before digging the trench,  
19 debris/loose earth produced due to execution of trenching. However, our liability under this  
20 guarantee shall be restricted Rs. 16,000/- (Rupees Sixteen Thousand Only). We undertake to pay  
21 the principal any money so demanded notwithstanding any dispute or dispute raised by the  
22 contractor(s) in any suit or proceeding pending before any court or tribunal relating there our  
23 liability under this present being absolute and unequivocal. The payment so made by us under this  
24 bond shall be a valid discharge of our liability for payment there under and the contractor(s) shall  
25 have no claim against us for making such payments.

26 We, ICICI Bank Ltd further agree that the guarantee here in contained shall remain in full force and  
27 effect during the period would be taken for the performance of said agreement and that it shall be  
28 continued to be enforceable till all the dues of the principal or by virtue of the said agreement have  
29 been fully paid and its claims satisfied or discharged or till the principal, certify that the terms and  
30 conditions of the said agreement have been fully and properly carried out by the said contractor  
31 and accordingly discharges this guarantee or till 15.12.2023 whichever is earlier we shall be  
32 discharged from our liabilities under this guarantee thereafter.

33 The guarantee will not be discharged due to the change in the constitution of the bank on of the  
34 contractor.

Date: 30.08.2022

To,

The Divisional Manager,  
Madhya Pradesh Road Development Corporation,  
45-A, Arena Hills, Bhopal,  
Madhya Pradesh 462016

Subject: - Permission for laying of GAIL Gas Ltd. Natural Gas Carbon Steel Pipeline of Dia-4" along NH-46 at road Chainage No. Ch. 2+230 to Ch. 2+328 at Right Hand Side (RHS) of total length 98 meter and one no. of crossing at road chainage No. Ch. 2+230 from Left hand side to Right Hand Side.

Dear Sir,

As per the directives of Government of India to switch over to Green Fuel, Petroleum & Natural Gas Regulatory board (PNGRB) has authorized M/S GAIL Gas Limited for development of City Gas Distribution (CGD) in Raisen, Sehore & Shahapur districts in Madhya Pradesh (copy of authorization enclosed as Annexure 1). M/s. GAIL Gas Limited is a 100% subsidiary company of M/s. GAIL (India) Limited (a Maharatna PSU Company of Govt. of India under the ministry of Petroleum and Natural gas).

For supply of gas to various Domestic, Commercial & Industrial customers, Steel/MDPL pipeline network is require to be laid. In this line, GAIL Gas Limited requires permission to lay Natural Gas Carbon Steel Pipeline of Dia-4" along NH-46 at road Chainage No. Ch. 2+230 to Ch. 2+328 at Right Hand Side (RHS) of total 98 meter and one no. of crossing at chainage No. Ch. 2+230 from Left hand side to Right Hand Side as per applicable construction methodology.

The route map to cross the pipeline, pipeline laying guidelines, methodology to lay the pipeline & power of attorney are enclosed as Annexure 2,3,4 & 5 respectively. It may please be informed that after crossing the pipeline, the roads will be restored in its original shape (whenever & wherever required).

Sub: Permission for Gas Pipeline crossing on Bhopal-Jabalpur road -Regarding No Tax Deduction at Source (TDS) on Road crossing charges/License Fee etc.

Ref:- Your letter No. GAIL-GAS/MPRDC/Mandideep/002 dated 22.03.2021

With reference to the abovementioned subject, it hereby informed that Madhya Pradesh Road Development Corporation Ltd. (MPRDC) is a wholly owned government company. MPRDC has been notified as State Highway Authority by Government of Madhya Pradesh with the prime responsibility of developing entire network of State Highways. MPRDC grants permission for laying of OFC cable/ Pipeline/ Sign Board or any other permission along the State Highways/ Major District Road after site verification by its officials on behalf of Public Works Department, Government of Madhya Pradesh. MPRDC collects the charges i.e. license fee, land use and road cutting charges etc. These charges are not in nature of Rent. Basically, these are compensation collected which will be used for restoration work of ROW. Hence, TDS is not applicable on the same.

Further, MPRDC collects these charges and thereafter credit the same to the Government Fund Account. These are not income of MPRDC. Hence, TDS should not be deducted on road crossing charges/ license fee etc. As per the provision of Income Tax Act, 1961, no TDS is deducted on amount payable to Government. In view of above, road crossing charges/ license fee payable to MPRDC is not liable for any Tax deducted at Source.

**Subject:** - Permission for laying of GAIL Gas Ltd. Natural Gas Carbon Steel Pipeline of Dia-4" along NH-46 at road Chainage No. Ch. 2+230 to Ch. 2+328 at Right Hand Side (RHS) of total length 98 meter and one no. of crossing at road chainage No. Ch. 2+230 from Left hand side to Right Hand Side.

Dear Sir,

As per the directives of Government of India to switch over to Green Fuel, Petroleum & Natural Gas Regulatory board (PNGRB) has authorized M/S GAIL Gas Limited for development of City Gas Distribution (CGD) in Raisen, Sehore & Shajapur districts in Madhya Pradesh (copy of authorization enclosed as Annexure-1). M/s. GAIL Gas Limited is a 100 % subsidiary company of M/s. GAIL (India) Limited (a Maharatna PSU Company of Govt. of India under the ministry of Petroleum and Natural gas).

For supply of gas to various Domestic, Commercial & Industrial customers, Steel/MDPE pipeline network is require to be laid. In this line, GAIL Gas Limited requires permission to lay Natural Gas Carbon Steel Pipeline of Dia-4" along NH-46 at road Chainage No. Ch. 2+230 to Ch. 2+328 at Right Hand Side (RHS) of total 98 meter and one no. of crossing at chainage No. Ch. 2+230 from Left hand side to Right Hand Side as per applicable construction methodology.

The route map to cross the pipeline, pipeline laying guidelines, methodology to lay the pipeline & power of attorney are enclosed as Annexure-2,3,4 & 5 respectively. It may please be informed that after crossing the pipeline, the roads will be restored in its original shape (whenever & wherever required).

Subject: Grant of Authorization for laying, building, operating or expanding CGD network in the authorized area of Raisen, Shajapur and Sehore Districts in the State of Madhya Pradesh under the Petroleum and Natural Gas Regulatory Board (Authorising Entities to Lay, Build, Operate or Expand City or Local Natural Gas Distribution Networks) Regulations, 2008

Sir,

With reference to your application-cum-bid for grant of authorisation for laying, building, operating or expanding the City Gas Distribution (CGD) network in GA-10.25 Raisen, Shajapur and Sehore Districts in the State of Madhya Pradesh, it has been decided to grant you the authorisation subject to the Petroleum and Natural Gas Regulatory Board (Authorising Entities to Lay, Build, Operate or Expand City or Local Natural Gas Distribution Networks) Regulations, 2008 and the following terms and conditions, namely:-

1. The Authorised Area for laying, building, operating or expanding the proposed CGD Network shall cover an area of 21239 square kilometer and as depicted in the enclosed drawing or map,
2. The activities of laying, building, operating or expansion of the CGD Network shall commence immediately after the issuance of this authorisation.
3. The activities permitted above shall have to be completed as per the work programme mentioned below, namely: -

Serial Number	Description of work	Numbers
1	Number of CNG Stations (Online and Daughter Booster stations) to be installed within 8 contract years from the date of authorisation	65
2	Number of domestic Piped Natural Gas connections to be achieved within 8 contract years from the date of authorisation	400001
3	Inch-km of steel pipeline to be laid within 8 contract years from the date of authorisation	551

The entity shall be required to achieve the year-wise work programme within 8 contract years as per details given below:

PNG Connections (cumulative)		CNG Stations (cumulative)		Inch-km of steel pipeline (cumulative)	
By the end of contract year	% of work program	By the end of contract year	% of work program	By the end of contract year	% of work program
1 <sup>st</sup>	Nil	1 <sup>st</sup>	Nil	1 <sup>st</sup>	5
2 <sup>nd</sup>	10	2 <sup>nd</sup>	15	2 <sup>nd</sup>	20
3 <sup>rd</sup>	20	3 <sup>rd</sup>	30	3 <sup>rd</sup>	40
4 <sup>th</sup>	30	4 <sup>th</sup>	45	4 <sup>th</sup>	60
5 <sup>th</sup>	40	5 <sup>th</sup>	60	5 <sup>th</sup>	70
6 <sup>th</sup>	60	6 <sup>th</sup>	75	6 <sup>th</sup>	80
7 <sup>th</sup>	80	7 <sup>th</sup>	90	7 <sup>th</sup>	90
8 <sup>th</sup>	100	8 <sup>th</sup>	100	8 <sup>th</sup>	100

Note - In case derived numbers are in fraction, the same shall be rounded off to the nearest whole number and 0.5 shall be rounded off to next higher whole number.

4. Any failure on the part of the entity in complying with the milestones prescribed in the work programme shall lead to consequences as specified under regulation 16.

5. The entity shall design and install an optimal size of the infrastructure in terms of pipelines of various types including steel belting of the authorised area, online compressors of adequate capacity for compressing of natural gas into CNG, allied equipment and facilities in the CGD network depending upon the potential demand for natural gas. The infrastructure in the CGD network should be adequate to maintain uninterrupted flow of natural gas in the pipelines and be also able to maintain supplies at adequate pressure to online CNG stations.

6. The entity shall maintain an uninterrupted supply of natural gas to all categories of customers in the CGD network. In the event of any disruption in the supply of natural gas in the CGD Network, first priority shall be accorded to restoration of supplies to domestic PNG customers. In case of disruption of supply to domestic PNG customers for more than twelve hours, the entity shall compensate the domestic customer on the following manner, namely: -

- (a) the normative volume of natural gas consumption for the first domestic PNG connection for cooking requirements based on last three months weighted average consumption per day to be applied for each day's disruption and multiplied by ten;
- (b) normative value of natural gas consumption shall be based on last three months' weighted average billing price of natural gas for supplies to the first domestic PNG connection for cooking requirements; and
- (c) the value of compensation shall be equal to normative volume of natural gas consumption as per clause (a) above multiplied by normative value as per clause (b) and shall be adjusted by allowing a credit to the domestic PNG Customer in the next billing cycle or in the next pre-paid smart card in case of smart card metering.

In case the disruption of supplies is attributed to any fault of the domestic PNG customer, no compensation shall be payable by the entity.

7. The entity is allowed an exclusivity period under the Petroleum and Natural Gas Regulatory Board (Exclusivity for City or Local Natural Gas Distribution Networks) Regulations, 2008, in respect of the following, namely:

- (a) 300 months from the date of issue of this communication for laying, building and expansion of the CGD network; and
- (b) 96 months from the date of issue of this communication in terms of an exemption from the purview of common carrier or contract carrier for the CGD network:

Provided that the entity meets the obligations in line with the Petroleum and Natural Gas Regulatory Board (Exclusivity for City or Local Natural Gas Distribution Networks) Regulations, 2008:

## STEEL/MDPE PIPELINE NETWORK LAYING PROCEDURE/GUIDELINES

TRENCH IN NORMAL SOIL / CONSOLIDATED ROCK

### NOTES:

1. ALL DIMENSIONS ARE IN MM. UNLESS SPECIFIED OTHERWISE.
2. FOR ALL PIPELINES TO BE CONSTRUCTED IN THE LAND UNDER JURISDICTION OF GOVT. OF INDIA

THE MINIMUM COVER ADOPTED SHALL BE 1000 MM IN ACCORDANCE WITH GOVT. OF INDIA PETROLEUM PIPELINES (ACQUISITION OF ROW IN LAND) ACT NO. 50,1962 AND AMENDMENT ACT NO. 13,1977 ANY EXTRA REQUIREMENT SHALL BE IN ACCORDANCE WITH SPECIFICATIONS

3. THE MINIMUM COVER SHALL BE SUBJECTED TO APPROVAL OF CONCERNED AUTHORITIES.

4. THE MINIMUM COVER IS FOR STRAIGHT PIPE RUNS, EXTRA COVER REQUIREMENTS TO BE ESTABLISHED AT ALL OVER BENDS, SAG BENDS AND HORIZONTAL BENDS.

5. FOR MINIMUM COVER REQUIREMENT AT PIPELINES CROSSING ROADS, RAILWAY TRACKS, RIVERS, MARSHY AREAS ETC, REFER RELEVANT STANDARDS.

6. DIMENSION 'A' FOR MORE THAN TWO PIPELINES IN SAME TRENCH SHALL BE DETERMINED USING FORMULA

$A = (D_1 + D_2 + \dots + D_n) + (n-1) \times 300$  WHERE  $D_1, D_2, \dots, D_n$  ARE DIAMETER OF PIPELINES AND 'n' IS NUMBER OF PIPELINES IN SAME TRENCH

7. DIMENSION 'D' SHALL BE LARGEST OF DIMENSIONS  $D_1, D_2, \dots, D_n$

8. CLEAR SPACING BETWEEN PIPELINES SHOWN IS ONLY FOR STRAIGHT LENGTHS. SPACING BETWEEN PIPELINES AT BENDS, RAILWAY CROSSINGS, ROAD CROSSINGS, CHANNEL CROSSING, OTHER WATER WAY CROSSING AND MARSHY LAND ETC SHALL BE AS PER APPROVED DRAWINGS/ SPECIFICATION.

9. FOR P/L LAYING-

- a) WITH OFC:  $X=200$  b) WITHOUT OFC:  $X=200$

### CONSTRUCTION METHODOLOGY

For laying underground gas pipeline for Crossing Railway lines/NH/Roads by  
Horizontal Boring Method

Clause No.	Description:
1.0	PURPOSE
2.0	PREPARATION OF BORING PIT AND RECEIVING PIT
2.1	CASING PIPE PREPARION
2.2	CARRIER PIPE PREPARION
3.0	EQUIPMENTS
4.0	BORING INSTALLATION
5.0	INSTALLATION OF VENT/DRAIN ASSEMBLY
6.0	CARRIER PIPE INSERTION
7.0	COMPACTION, FINAL CLEAN -UP AND RESTORATION
8.0	INSTALLATION OF STEEL/MDPE PIPES.

Laying if Gas Pipeline across Railway line/NH/Road

#### 1.0 PURPOSE

The Horizontal Boring methodology is adopted for laying underground gas pipeline across utility Crossings where open cut is not feasible. Utility Crossing may be Railway lines, National Highways (With large traffic Volumes) and perennial canals.

In this Method, the carrier pipe is inserted inside a casing pipe installed by horizontal boring technique. The casing pipe increases the safety of the carrier pipe by shielding of from greater load stress from the traffic. The advantage of this method is that, the gas pipeline laying work is carried out without disturbing the activity of the existing system.

The work under such crossing shall include – preparation of boring pit, Casing pipe installation Carrier pipe insertion restoration to the original condition.

#### 2.0 PREPARATION OF BORING AND RECEIVING PIT

2.0.1 Prior to start of work a leveling and alignment of ROW for installation of boring Equipment and marking of boring line shall be done.

2.0.2 Boring and receiving pit (LxBxD\_ min of 6M X 2.5MX 3M however depth will vary as per side condition) shall be excavated to require depth and width facilitate smooth boring operation with pit

sides having sufficient slopes to avoid collapse/sliding slopes. Bottom of trench or pit at the launching and receiving ends shall be properly graded.

2.0.3 During the execution of boring, the ground water table over the length of boring shall be lower by up to at least 0.5m below bottom of pipeline to the safeguard the stability of boring pit. Wherever water is encountered in the boring pit and if the soil condition is bad, chances of collapse are increased. To safeguard the stability of boring pit, sheet piling or any other means shall be provided till the boring operation is complete, and shall extend at least 50% of the crossing length, into undisturbed ground if pit is less than 7 meters deep, trench boxes or shoring can be used. The casing pipe and boring shall extend a minimum of 0.6 meter on either side of the crossing.

#### 2.1.0 CASING PIPE PREPARATION

2.1.1 Size for carrier pipe for proposed gas pipeline as per OD and casing pipe is 2X OD.

The carrier pipeline and casing would be of Carbon steel conforming to API 5 L.

2.1.2 Visual checking of casing pipe shall be made in order to check out of roundness and that no dents are present. If such defects are noticed, these may be rectified / removed.

2.1.3 The outside surface of the casing pipe shall be coated with coal tar primer or PE before installation as per design consideration of the cathodic protection system.

2.1.4 Welding of casing pipes will be made in the open trench as stated above after first length is thrust into the bore hole crossing in according to API 5L.

#### 2.2 CARRIER PIPE PREPARATION

2.2.1 Carrier Pipes shall be welded to the required length of crossing. All joints shall be 100% radiographed tested.

2.2.2 After NDT clearance the carrier pipe section shall be pre-hydro-tested prior to joint coating at pressure resulting in hoop stress corresponding to 90% or SMYS of the pipe.

Material, The pressure shall be retained in pipe for minimum period of 04 hours. The section under test shall be retained for any leak/defect.

2.2.3 After completion of pre-testing joint coating shall be carried out. Holiday Detector for any coating damage shall check pipe section. Any damage to coating should be repaired as per approved procedure.

#### 3.0 MAJOR EQUIPMENT

- a. Boring Machine
- b. Side Boom
- c. Backhoe

e. Header

f. Sprit Level

#### 4.0 BORING INSTALLATION

4.1 After leveling the rails for the Boring Machine shall be fixed in the pit and then the Boring Machine shall be lowered & alignment shall be done. The M/C shall be traversed on the rails to & fro several times for insertion/pushing and the alignment shall be checked & rectified, if required.

4.2 Boring shall be carried out at low speed initially and after inspecting the soil which is cut by the boring machine/manual, the speed shall be increased or decreased. Insertion of casing pipe and auger shall be carried out simultaneously so that at no point Of time gap between bored hole and casing pipe exists, eliminating any chance of collapse while boring,

The diameter of the hole bored shall be as practicable to the outer diameter of the casing pipe Level shall be checked at both end of the casing pipe to confirm the slope as per Approved drawing.

4.3 For Welding of casing pipes, only normal visual checks shall be carried out & internal High or Low is not allowed. Care shall be taken the lead auger remains in the front, which Facilitates easy insertion of the casing pipe.

4.4 After insertion of the first pipe the pipe and the auger are disengaged from the boring machine. The second pipe is placed in position and the auger of the first and the second pipe are firmly connected, Then both the casing pipes are aligned and welded together. The auger and the casing pipe are again coupled to the boring machine and the boring operation is repeated till the casing pipe is installed and casing pipe exists in the receiving pit on the other side of the crossing, Calculating are made before and during to maintain the alignment necessary to guide casing under the crossing.

4.5 The casing & the boring shall extend minimum 0.6mm on either side of crossing.

4.6 After completion of casing pipe insertion, the machine is de-coupled and taken out, The augers are pulled back and the casing pipe is then thoroughly cleaned to remove any moisture and debris.

#### 5.0 INSTALLATION OF VENT/DRAIN ASSEMBLY

5.1 The installation of vent pipe shall be carried out by direct insertion and welding to the end of the casing pipe before introducing the carrier pipe.

5.2 While welding of vent pipe, internal high/low is not allowed. Welding of vent pipe need not be radio graphed and only visual checks can be carried out.

7.2 The complete area shall be cleared up of all scattered materials.

#### 8.0 INSTALLATION OF STEEL & MDPF PIPE

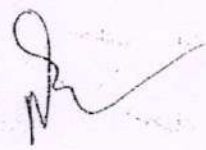

8.1 Change as per Gas requirement.

#### 9.0 PROVISIONS FOR TRAFIC MANAGEMENT DURING CONSTRUCTION

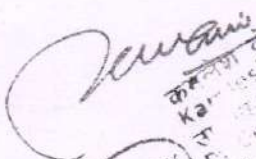

9.1 It is proposed to lay underground actual size of natural gas pipeline by horizontal boring method through casing pipe 2X OD, crossing national highway NH as per the cross-sectional plan.

9.2 The construction will be done by horizontal boring method which will commence from outside the right of way (row) and thus no way will affect the traffic movement of national Highway, during the construction operation. The machinery & excavation of boring pit and Receiving pits shall be conducted. Outside the right of way (row) of National Highway the pipeline laying process will satisfy/ all the requisite Indian/international regulatory standards.

9.3 necessary – barricading with red tape shall be done with proper signage & direction Markers for traffic & public movement.
