We wish to inform you that the 14" Underground Petroleum Pipeline along with OFC Cable(inside 6" pipe) will be laid as per the following details.

1. The carrier pipe will be of 14" NB Carbon steel confirming to API-5L specifications
2. Crossing shall be undertaken by Auger Boring (with 20" casing pipe up to IS spec with OFC placed in the casing) or Horizontal Direction Drilling of 14" pipe (with separate 6" casing drill for OFC).
3. Top of the pipeline will be laid at least 1.2 meters below the lowest Natural ground level.
4. Necessary fee in this regard, if any, shall be remitted upon receipt of advice from your side.
5. All works will be carried out as per the approved drawings.
6. During Execution of the work, all safety precaution will be ensured.
7. Location Area will be restored back to its original condition after execution.
8. All terms conditions mutually agreed with NH Department will be adhered while execution of the work.

We also wish to inform you that our Pipeline Project is of National Importance with stiff completion target and the same is being monitored by Prime Minister's Office (PMO) & Ministry of Petroleum & Natural Gas (MOPNG) and hence request your approval on priority as per the respective obligations as laid down in the MOU for expediting the permissions.

Thanking You,

Very Truly Yours,
