It is to inform that the proposal of M/s Indian Oil Corporation Limited, Visakhapatnam for laying 16" Paradip-Hyderabad Petroleum Product Pipeline (PHPL) along with 89mm dia duct for laying OFC across NH 326A at Km 35.015 was earlier submitted vide letter cited at 1<sup>st</sup> reference for which RO/MoRTH/VJA has communicated certain observations with a request to comply the same vide letter cited at 2<sup>nd</sup> reference.

It is further to inform that compliance to the observations of RO/MoRTH/VJA were furnished vide reference 3<sup>rd</sup> cited. After examining the same certain additional observations were communicated by the RO/MoRTH/VJA vide reference 4<sup>th</sup> cited.

In this regard, the compliance to the observations communicated by RO/MoRTH/VJA are furnished herewith as follows:

S.No	Observations	Para - wise replies
1	As per Ministry's Circular No. RW-NH-33044/29/2015/S&R (R) dated 22.11.2016, it shall be ensured that the utility services shall cross the National Highway preferably on a line normal to it or as nearly so as practicable. If the utility line is crossing NH-326A normally, then why permission for laying of the utility has been sought between Km.35/0 to 35/2. This needs to be clarified.	The instant proposal is for crossing the petroleum product pipeline across the road at km 35.015 of NH 326A by HDD method and hence permission is being sought for crossing the pipeline (30M length is ROW)
2	The performance bank guarantee calculations have not been furnished.	Enclosed the Performance Bank Guarantee calculation sheet as <b>Annexure-A</b> .
3	It is seen that only clearance from Andhra Pradesh Pollution Control Board has been enclosed with the proposal. As per Clause 4 of Ministry's Circular dated 22.11.2016, the various safety clearances from the respective authorities such as Chief Controller of explosives, Petroleum and explosives safety organization, Oil Industry Safety directorate etc. as applicable must be obtained by the applicant before applying for permission. The same also needs to be furnished.	A copy of the Clearance Certificate as received from the Petroleum and Explosive Safety organization is enclosed as <b>Annexure-B</b>

*Murthy*

4	The certificate from the concerned EE (NH) that the proposal is conforming to all the standards as per Ministry's Circular No. RS/NH-33044/29/2015/S&R (R) dated 22.11.2016 has not been enclosed with the proposal.	Enclosed as <b>Annexure - C</b>
5	It has been mentioned that in HDD technique, casing is not needed. The approved methodology of the competent authority for HDD technique may be furnished	The Methodology for HDD Technique as proposed by the Applicant appears to be in order and the same is enclosed as <b>Annexure-D.</b>

In view of above, it is requested to accord necessary approval for the subject proposal and communicate at earliest for taking further necessary action.

Encl: As above.

Yours Sincerely,

 02.01.2020
