Sir,

In response to your letter u/r i) on the subject cited above, I would like to inform you that M/S Bharat Petroleum Corporation Ltd. has already completed the construction of fuel station "Part" including ancillary works within the stipulated time vide their letter u/r iii).

M/S Bharat Petroleum Corporation Ltd. prayed for allowing the acceleration lane for 75 Mtr. Instead of 100 Mtr. and the declaration for 60 Mtr. Instead of 70 Mtr. without hindering the objects as well as both side land owners.

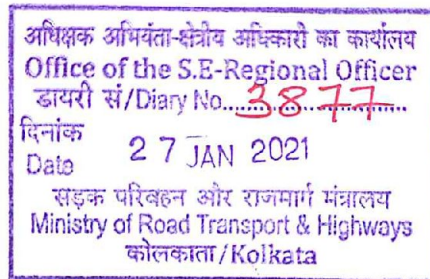

Concerned Assistant Engineer after consecutive inspection has reported that safety of the road users would not be affected considering the present conditions and present volume of traffic on the portion of NH-60A for that Retail Outlet of M/S Bharat Petroleum Corporation Ltd.

In view of the above, I am submitting herewith a report (alongwith letters, Photographs and and one C D) as received from the Executive Engineer, NH Division-IV, Public Works (Roads) Directorate , with a request for allowing the minor deviations, if permitted from your end or as you deem fit.

(iii) Memo No.-- 17/dated 18/01/2021 of the EE/ NH Division-IV.

Sir,

In respect to the prior mentioned subject and related memos attached as reference, the brief inspection report has been placed for your further recommendation for access permission of the aforesaid proposed retail outlet.

The construction part of proposed retail out let has been completed in all respect according to the guide line as per their self declaration. Xerox copy of which is enclosed herewith for your consideration.

Considering the relaxation due to minor deviation for access permission to proposed new retail outlet of M/S BPCL regarding construction of declaration and acceleration lane within the existing R.O.W. of 10.66 meter it may provide for final N.O.C. Considering the surrounding circumstances at present and providing the present traffic load on that road it can be declared that safety of road users may not be affected if relaxation is granted for the purpose.

The constructions of the proposed retail outlet both of fuel station part and access for declaration lane and acceleration lane with necessary chevron making has been completed within the stipulated time.

This is for your kind information and taking necessary further process.

(ii) Ministry's Circular No.RW/NH-33023/19/-DO.III dated 16.03.2016

Sir,

With reference to your letter under reference (i) we would like to submit that the construction of the above mentioned fuel station Part, Slab culvert including drainage system, toilet facility for both man and woman have been completed as per approved drawing.

2. Further, in connection of the subject and Memo no u/r (i), We would like to state that we have faced the followings hindrances during execution of approach road work:

- (i) Due to shortage of NH land, the approach road work for acceleration lane and deceleration lane cannot be maintained keeping provision of 2.25m earthen shoulder. It is pertinent to mention that we are not able to purchase or acquire additional land due to non interest of landowner on both side of proposed fuel station.
- (ii) A high tension electrical line of double pole structure has been installed within the proposed acceleration lane at Ch. 73.160 after the "In Principle" approval which is also obstructing the proposed construction of A/L lane. In such case if you allowed it may started from 75m instead of 100m.

In view of the above, non-fulfilments of norms or minor deviations may be allowed under Ministry Circular issued vide letter under reference (ii). We shall also provide necessary safety equipments at own cost under your supervision.

We therefore kindly pray for your kind consideration for which we shall be highly obliged.

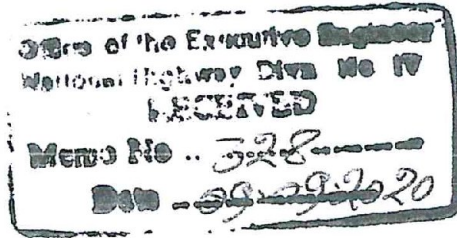

Thanking You
