Enclosure to the Planning Zone OM No. NH-15017/33/2019-P&M

Subject: Standard Operating Procedure for installation of kilometer stone as per rationalization in the numbering system of NHs and thereby renumbered

As you are aware, the numbering system of National Highways (NHs) were modified following revised principles vide Gazette of India Notification vide SO No. 542(E) dated 05.03.2010 and followed by consolidated notification related to renumbering of NHs vide Gazette of India Notification SO No. 689(E) dated 04.04.2011 regarding renumbering of NHs and subsequent amendment under Section 2 of the NH Act 1956 to the Schedule 1 of the NH Act 1956. The subsequent amendments in the Schedule-I to the NH Act, 1956 regarding the details of the NHs across the country contains number provided as per the revised set of principles laid down vide Ministry's OM No. NH-14019/9/2007-P&M(Pt.) dated 20.05.2010. The brief on the same is at Annexure-A of the Data Sheet.

- 2. However, despite passage of 8 years following renumbering of then existing NHs vide Gazette of India notification vide SO No. 689(E) dated 04.04.2011, the combination of Old and New NHs numbers along the NHs are in use and in most of the cases the km stone and marking along the NHs are still being done as per Old NH nos. This has been posing difficulties in identification of specific sections of NHs vis-à-vis new NH numbers; besides, this would also pose difficulties in digitization/ geo-tagging of NHs, initiatives for which are also being taken up.
- 3. In view of the above, it has been decided to adopt following Standard Operating Procedure (SOP) for establishment of Chainage along the NHs as per new NH numbering system and laying of kilometer stones.
- 3.1. Implementation of the Work for establishment of Chainage along the NHs as per new NH numbering system and laying of kilometer stone / 5th Km stone / 200m stone
 - (i) Concerned State/ UT PWDs dealing with National Highways (or their NH Wings) shall implement the works irrespective of the executing agencies with which such NHs are entrusted (e.g. NHAI/ NHIDCL, etc.).
 - (ii) All other executing agencies shall furnish necessary information and provide assistances to the States/UTs Public Works Department dealing with National Highways.
- 3.3. Charging of expenditure towards meeting expenses for the said purpose

The expenditure shall be met from funds separately allocated under Special Repair (SR) New sub-head under Maintenance and Repair (M&R) head (3054.01.337.01.02.27).

(Planning Zone)

Transport Bhawan, 1, Parliament Street, New Delhi - 110001

3.4. Principles to be followed for Chainage determination

- (i) It is expected that the State/UT-wise separate Chainage determination shall benefit in easier data updating and maintenance, reduction in interdependability on sharing of information between various adjoining State/UTs through which a NH passes and thereby reduction in time taken for any road and allied activities, easier relative adjustment in chainage/length in case of construction of bypasses/ change in alignment of a NH (as chainage within only such state/UT gets affected), no relative cascading impacts in chainage of such NHs in other States/ UTs due to such realignments/ construction of bypasses in other States/ UTs on the same NH. Therefore, the Chainage of an NH shall be determined State/UT-wise in which a particular NH is located independent of the chainages in adjacent/ other States/ UTs through which it passes, i.e. each of the States/ UTs shall have a 'Zero' chainage at the starting point of the NH in the particular State/ UT and chainages of other places are to be finalized w.r.t. such 'Zero' chainage in the State/ UT.
- (ii) The zero km of the NHs shall be in line with Origin and Destination as per starting point of the NHs as detailed in the Schedule-I of the NH Act, 1956. The list of NHs in the Country as per Schedule-I of the NH Act, 1956 is at Annexure-B of the Data Sheet.

Example:- For NH-20 which passes starts from Bihar, passes through Jharkhand and terminates at Odisha State and which is notified as under:

"The highway starting from its junction with NH-31 near Bakhtiyarpur connecting Bihar Sharif, Nawada, Rajauli in the State of Bihar, Kodarma, Barhi, Hazaribag, Ranchi, Khunti, Murhu, Chakradharpur, Chaibasa and Jaintgarh in the State of Jharkhand, Parsora, Kendujhargarh, Panikholi, Kuakhia, Jajpur, Aradi, Chandbali, Raj Kanika and terminating at Satabhaya in the State of Odisha."

For this, for the purpose of Chainage determination in Jharkhand State: Bihar Jharkhand Border near Koderma shall be <u>Zero km</u> and Jharkhand Odisha Border near Jaintgarh shall be <u>L km</u>, where L is the total length of NH 20 in the State of Jharkhand. Similarly Chainage determination in Bihar State:- <u>Zero km</u> shall be near Bakhtiyarour and <u>L km</u> shall be Bihar / Jharkhand Border.

(iii) Modification in the Chainage

(A). In case of extension of NHs beyond starting point of the existing NH (i.e. on the other side of 'Zero' chainage within the State/ UT)

In such case, Chainage before the zero Chainage point of the existing NHs shall be taken as it is and chainage shall be extended from Zero in the direction of new NHs alongwith name of section.

(Planning Zone)

Transport Bhawan, 1, Parliament Street, New Delhi - 110001

(B). In case of extension of NHs beyond end point of the existing NH

In such case, Chainage after the end Chainage point of the existing NHs shall extended in continuity for the NH section extended after the end Chainage point of existing NHs with continuation of numbering of km stones for the extended length.

(C). In case of denotification of certain section of the existing NH

In such case, there shall be no change in the Chainage after the denotification of the certain section of the existing NH. However, the total length of the modified NHs and the denotified section of such NHs shall be especially mentioned in all the reporting of the NH data.

(D). In case of construction of byepasses / change in alignment

If the Bypass has been constructed or under construction or bids have been invited after finalization of alignment then chainage shall be considered in continuity considering the bypass section as the part of alignment and excluding the existing section (which is being bypassed). In such sections, till completion of the bypass section, temporary km stone shall be fixed on the existing alignment starting from 0 near the start of the bypass. After completion of the bypass, these shall cease to exist.

However there shall be no change in the Chainage for the bypass section if it is in the planning Stage / DPR stage only.

4 Process to be followed

4.1 Phase-I:- Sanction of Projects

- (i) Planning Zone will circulate the sanction ceiling @ Rs. 6,000 per km including centages to all States. If proposed estimate of any state is higher than the sanction ceiling prescribed for the particular state then enhancement of sanction ceiling may be considered by Ministry with due justification.
- (ii) Concerned Chief Engineer (NH) of the State Government shall submit the proposal for installation of kilometer stone as per rationalization in the new numbering system of NHs to the concerned Regional Officer.
 - a) No. of km stones / 5th km stone / 200m stone shall be based on the total length of National Highways in the State.
 - b) Type design shall be as per IRC:08-1980 and IRC:26-1967.
 - c) On divided carriageway having a central median, KM stones should be provided at the left on both sides of the road i.e. independently for each direction of road.

(Planning Zone)

Transport Bhawan, 1, Parliament Street, New Delhi - 110001

- d) Single estimate shall be prepared for each State. Estimate shall be prepared on item rate contract basis instead of EPC so as to avoid the complicacies of EPC contracts. For execution, work may be split such that individual work will cover around 750 to 1,000 km of NHs. For 4/6/8 lane divided carriageway, length of the package may be reduced to half of the above. Estimate shall include those NHs also which are yet to be entrusted. However, those NHs may be excluded wherever Chainages have already been finalized / km stones have already been fixed as per new NH numbering. State Bidding document shall be used for tendering which is generally used for project costing shall be than Rs. 5 crore.
- e) Estimate shall be prepared based on the rate of km stone/ 5th km stone and 200m stone in the Schedule of rates of respective State Government. There shall also be provision for preliminary survey work and preparing the report for each individual NHs. The total estimated cost shall cover the cost of both, inventorisation as well as laying of km stone/ 5th km stone / 200m stone. Further, other miscellaneous/ unforeseen expenses, variations, etc., may be met as per the extant policy with the approval of the concerned RO of the Ministry within the specified limits (ref. the Ministry's letter no. RW / NH- 24035/4/2008-P&M/ PIC Vol.II, dated 23.02.2018).
- f) 15% of the total cost may be included for preparation of inventory and survey report by the Contractor.
- g) Other centages shall be same as per the extant guidelines of the Ministry
- (iii) Concerned Regional Officer shall examine the same and submit the proposal to Ministry for sanction.
- (iv) Concerned Zone in the Ministry shall obtain Finance Concurrence and Administrative approval for the same
- (v) Sanctioning shall be done under Special Repair (New) Head for which separate sanction ceiling and allocation shall be conveyed by the Planning Zone.

4.2 Phase-II:- Tendering process and finalization of Contractor

- (i) Tenders shall be invited by State PWD as per extant guidelines of the Ministry following their own bidding document applicable for projects costing less than Rs. 5 crore.
- (ii) Tender may be invited by amalgamating the nearby NHs in a range of 750 to 1,000km length. For 4/6/8 lane divided carriageway, length of the package may be reduced to half of the above. Tender cost may be worked out accordingly for each package on proportionate basis as per the sanctioned estimated.

(Planning Zone)

Transport Bhawan, 1, Parliament Street, New Delhi - 110001

(iii) State PWD shall issue the LOA to the successful bidder and agreement shall also be signed by State PWDs.

4.3 Phase-III:- Inventorisation
