

No. RW/33044/2/88/DO II

*Dated the 13th January, 1989*

To

The Chief Engineers of State Public Works Department and Union Territories dealing with National Highways and other Centrally Financed Schemes; Director General (Works), Central Public Works Department; Director General Border Roads.

Subject: Periodic inspection and maintenance of bridges on NHs.

It has been decided that contracting firms, who undertake construction of bridges on their own designs should furnish Maintenance Manuals for their structures indicating in detail all the important maintenance activities and operations, both routine and special, which are required to be carried out on these bridges during the course of their service life

2. It is, therefore, requested that a suitable clause to this effect may be included in the NIT.
3. The receipt of this communication may please be acknowledged.
