

RW/33044/2/88-DO II

Dated the 13th January, 1989

To

The Chief Engineers of State Public Works Depts. and Union Territories dealing with National Highways and other Centrally Financed Schemes; Director General (Works), Central P.W.D.; Director General Border Roads.

Subject: Meticulous documentation of designs and drawings of bridges on National Highways.

It has been decided that the record of designs and drawings of bridges on National Highways as finally approved for construction should be maintained meticulously at the office of the concerned Chief Engineer of each State, by adopting, if necessary, micro-filming system. Copies of these micro-films, if any, should also be kept in the National Archives.

2. It is suggested that suitable provisions may be made in the estimates as well as in the Contract documents so as to ensure that this requirement is fully met.
 3. The receipt of this communication may please be acknowledged.
